

Overview

The Secabo Table Tool Console is a new product developed from the house of Secabo with innovative design. This practical aid makes it easier for you to keep order. Whether you store your knife holders, pen holders or the grooving tool for the flatbed cutting plotters, the Secabo Table Tool Console is ideal for this. A small but practical accessory for all common knife holders, pen holders or grooving tools of the cutting plotters or flatbed plotters of the Secabo brand. You can easily place it anywhere. Also spare blades can be stored here in the best way. Here Secabo has brought its many years of experience in the field of advertising technology and textile finishing and from the intensive exchange with users. With the Table Tool Console from Secabo you can organize your workplace a little better than before.
