

SIGN CUT

Overview

SignCut Pro2 for MacOS and Windows, one-time 1-year trial license for Secabo devices. With the SignCut Pro2 Premium Edition for Secabo you can control your Secabo cutting plotter using an existing graphics program, such as CorelDraw or Adobe Illustrator. This license is only for the initial use of SignCut Pro2 for 1 year and serves as a kind of demo version to familiarize yourself with SignCut Pro2. After the first trial year, a full version can be purchased directly from SignCut (<https://signcutpro.com/signcut-pro-2-features/>). SignCut Pro2 is an efficient and flexible cutting software. SignCut Pro2 is always up to date and compatible with all Corel Draw and Adobe Illustrator versions as well as most common operating systems. Please note that this OEM version is only suitable for Secabo cutting plotters.

Software products are generally excluded from return!
